

JAIMA: “Carbon Neutral Society and Biomass Energy” Symposium information (held in Thailand)

TOKYO--([BUSINESS WIRE](#))-- The Japan Analytical Instruments Manufacturers' Association (JAIMA, address: 2-5-16 Kanda Nishiki-cho, Chiyoda-ku, Tokyo 101-0054, President: Masayuki Adachi/President of Horiba, Ltd.) will be holding a symposium on the theme of “Carbon Neutral Society and Biomass Energy” in Bangkok, Thailand.

Rising energy prices and shortages of energy sources are major challenges facing modern society, which has been actively working towards realizing a carbon-neutral society while maintaining economic growth. Therefore, JAIMA has decided to hold a symposium on this theme with the cooperation of Japanese and Thailand research institutes, governments, and related companies.

Theme: “Carbon Neutral Society and Biomass Energy”

Date and time: October 20, 2023 (Friday) 9:00-17:00 in Thailand time, 11:00-19:00 in Japanese time.

Place: Best Western Nada Don Mueang Airport Hotel (Bangkok, Thailand venue)
(<https://bwnadadonmueang.com>)

Holding method: Conference room at Best Western Nada Don Mueang Airport Hotel and connection by ZOOM.

Language: English

Participation fee: Free (lunch and coffee/drink will be provided)

Application for participation: Please apply for participation from the URL below.

https://www.jaima.or.jp/en/event/apply_cnbs/

Cooperation: JASTIP Japan-ASEAN Science, Technology and Innovation Platform / NEDO New Energy and Industrial Technology Surgery Research Organization / NSTDA Thailand National Science and Technology Development Agency, ENTEC National Energy

Technology Center / TISTR Thailand Institute of Scientific and Technological Research / JST Science and Technology Development / METI-KANSAI Bureau of Economy, Trade and Industry / JEMIMA Japan Electric Measuring Instruments Manufacturer's Association / Embassy of Japan in Thailand / TPA Technology Promotion Association (Thailand-Japan) / JTECS Japan-Thailand Economic Cooperation Society / Thammasat University / VISTEC

Program:

Greetings: JAIMA, Embassy of Japan in Thailand and TPA

Keynote speech: Carbon Neutrality and Biomass Energy policy in Thailand and in Japan by NSTDA/ ENTEC and NEDO

Case study: Efforts towards biomass energy utilization –by ENTEC/NSTDA
“Process Improvement of Gasification and Biogas by the Three-Stage Gasification and Two-Stage Biogas” by TISTR
“Pyrolysis an alternative technology in biorefinery and activity in BCRU Thammasat University” by Thammasat University
“Transforming Southeast Asian Lignocellulosic Waste into Bioenergy: Harnessing Anaerobic Digestion with Tropical Microbes” by VISTEC
Japanese experience on biomass energy by Maniwa Biomass Power Plant and J&T Environment Company
Technical presentation by JAIMA and JEMIMA and related companies
