

April 9, 2019

Japan Analytical Instruments Manufacturers' Association

**Introducing Products and Technology at the “Made in Japan” Pavilion and
Joint Seminar with the Indian Analytical Instruments Association, at
analytica Anacon India & Indian Lab Expo 2019**

The Japan Analytical Instruments Manufacturers' Association (JAIMA, 1-12-3 Kanda Nishikicho, Chiyoda-Ku, Tokyo 101-0054, President: Gon-emon Kurihara, Representative Director and President of JEOL Ltd.) will introduce products and technology at India's largest exhibition of laboratory technology, analytical instruments, and biotechnology, “analytica Anacon India & India Lab Expo 2019” (April 16~17, 2019, Mumbai).

analytica Anacon India & Indian Lab Expo is an exhibition of laboratory technology, analytical instruments, biotechnology and diagnostic technology, held twice annually in India in April (Mumbai) and September (Hyderabad). Last year's exhibition attracted approximately 3,713 visitors, with around one hundred exhibiting firms.

This year, JAIMA will host a joint seminar with the IAIA (Indian Analytical Instruments Association), as well as exhibiting at the “Made in Japan” Pavilion. We will promote the brand strengths and analytical technical capabilities of Japanese companies in relation to particularly promising fields such as pharmaceuticals, bio, petrochemicals, and environmental analysis in the Indian market, which has had a 17% CAGR (compound average growth rate) between 2012 and 2020, and an estimated scale of 2.4 billion euro in 2020.

Location of “Made in Japan” Pavilion: C 15

Participants of “Made in Japan” Pavilion: ST Japan Inc.

Tanaka Scientific Limited

Japan Analytical Instruments Manufacturers' Association

Overview of IAIA-JAIMA Joint Seminar

Date & Time: April 16, 10:30~16:00

Seminar Title: Anacon- JAIMA Technology Showcase 2019

No. of Presentations: 9 (tentative)

Presentations by Exhibiting Firms:

1. Most Advanced Microanalysis for Contaminants

Presenter: Mr. Yosuke Nakagawa

(General manager of overseas sales and purchasing department, ST Japan Inc.)

2. Physical Properties Testing for Fuels and Lubricants

Presenter: Mr. Hibiki Ikeda, Manager (Sales Engineering, Tanaka Scientific Limited)

3. Hyphenated Chromatography Advances & Update on Innovative Spectroscopy Solutions

Presenter: Mr. Manu Grover

(Country Pharma Business Development Manager/Laboratory Solution Services Agilent Technologies, Inc.)

4. FTIR Spectroscopy and Advanced Applications in Chemical Industry

Presenter: Mr. Toru Sasaki (DGM, Jasco International Co., LTD.)

Overview of analytica Anacon India & Indian Lab Expo 2019

Dates: April 16 (Tue) ~ April 17 (Wed), 2019

Venue: Bombay Convention & Exhibition Center

Location: Mumbai (India)
